List of courses addressing Human Value Issues:

Course Code	Course Title	Brief Justification
UR23102CR	Urdu Ghazal	The concept of Humanism is a historical one and this concept means belief on the welfare and dignity of the Humanity. Human history is a witness that social evils and division class system have badly effected human society and these have also tainted the image of humanity. Poets in a society are the mirror of that society. They have pointed out these negative effects. In the same view Human dignity has been elaborated from the work of poets who have used the genre of Ghazal for the expression of their ideas since the times of first Urdu Ghazal poet Amir Khusroo. This paper widely discusses various human values and issues as put forth by the poets like Quli Qutub Shah, Wali Daccani, Mir Taqi Mir, Ghalib and Iqbal etc.
UR23103CR	Urdu Nazm	The Genre of Modern Urdu Nazm evolved in the first half of 19th century. It was the time when Indians were treated badly by the colonizers and they had started to feel it. The Nazm Poets elaborated the pain and agony of the Indian society of that era and tried to awake the masses from deep slumber of ignorance so that they can free themselves from the chains of slavery of the British. As such human dignity and love for one's self and country has been thoroughly discussed in the Nazms of that era. This paper thus throws light of various human value issues.
